2009 Post Graduation Survey of Undergraduate Alumni

Published April 2010

A survey of December 2008, May 2009 and July 2009 graduates of St. Thomas undergraduate programs one year after graduation compiled annually by the Career Development Center.
About this Survey

The Post Graduation Survey of Undergraduate Alumni is assembled annually by the Career Development Center in an effort to provide accurate and useful information to students, faculty, staff and administration about the post-graduation activities of undergraduate alumni from the University of St. Thomas. We hope this information will be used to advise current and future students.

The information in this report covers alumni who graduated from an undergraduate program during the 2008-2009 academic year (December 2008, May 2009 and July 2009). The University’s Office of Institutional Research and Analysis provided assistance for the survey that was sent out to 1,294 alumni November 2009 through February 2010. Of these, 663 (51.24%) responded to the survey.

198 graduates responding to the survey completed coursework for two or more majors. Those graduates have been included under each of their academic majors. These circumstances account for the total of 873 responses when individual majors are reported.

This survey, as well as previous survey results may be found on the Career Development Center’s Web site at www.stthomas.edu/careerdevelopment/pgs.

Median salaries are reported by department instead of major to provide increased statistical significance. To protect confidentiality, departments with less than three salary responses cannot be reported alone, therefore we made the following modifications to the method for salary calculations: For Geology we included last year’s data to come up with more than three responses. The School of Education had multiple single graduates from individual fields of study, as these are all similar in range they were grouped together. Since there was only one response from a Theater major this year, with no responses from last year, Theater is the only department without a median salary listed.

2009 Post Graduation Survey of Undergraduate Alumni
Employment Listing

Responses from graduates in each department are listed alphabetically by organization (bold). Job titles (plain text) and internships (italics) are listed if provided by the graduate. More than one job title and/or internship will show up under an organization if multiple graduates from that department reported working within the same organization.
