About this Survey
The Post Graduation Survey of Undergraduate Alumni is assembled annually by the Career Development Center in an effort to provide accurate and useful information to students, faculty, staff and administration about the post-graduation activities of undergraduate alumni from the University of St. Thomas. We hope this information will be used to advise current and future students.

The information in this report covers alumni who graduated from an undergraduate program during the 2009-2010 academic year (December 2009, May 2010 and July 2010). The University’s Office of Institutional Research and Analysis provided assistance for the survey that was sent out to 1,212 alumni November 2010 through February 2011. Of these, 589 (48.60%) responded to the survey.

174 graduates responding to the survey completed coursework for two or more majors. Those graduates have been included under each of their academic majors. These circumstances account for the total of 769 responses when individual majors are reported.

This survey, as well as previous survey results may be found on the Career Development Center’s Web site at www.stthomas.edu/careerdevelopment/pgs.
